PROFESSIONAL STAFF POSITIONS

Code GBB Issued 12/15/21

The Board, on the recommendation of the superintendent, will classify and authorize employee positions for professional personnel that are necessary for the operation of the district's educational programs and related services.

In each case, the Board will approve the purpose and function of the position as recommended by the superintendent and delegate to him the task of writing or causing to be written a job description covering qualifications, duties and other details pertaining to the position.

The superintendent or his/her designee will be responsible for writing and maintaining a coordinated set of job descriptions covering qualifications, essential duties, and other details pertaining to all professional staff positions in the school system.
