GOALS & OBJECTIVES

Code JA Issued 3/16/22

All the energies and resources of the District will be committed to one purpose – providing students with a quality instruction program in a secure environment that promotes learning.

To achieve this goal, programs and policies will be implemented to

- enhance equal educational opportunities for all students,
- promote faithful attendance as a key factor in student achievement,
- protect student rights and responsibilities,
- develop each student’s self-discipline,
- provide a safe, secure place for students to learn,
- provide students with guidance in personal and career decisions,
- develop in students a belief in the value of education,
- provide programs and facilities that are appropriate for each student’s abilities and needs,
- encourage and stimulate each student to fulfill his abilities and
- encourage extracurricular activities that develop well-rounded, involved students.
