

Memo

Intradistrict

Date: February 20, 2018

Subject: Recommendation to approve new attendance lines
for Indian Land elementary schools

From: Jonathan Phipps, superintendent

Through:

To: Board members, Rick Chandler

On the two attached pages are

- a list of the neighborhoods proposed for the attendance zone for the new elementary school in Indian Land and
- a map showing the proposed attendance lines.

During our Jan. 16 regular meeting, you received these draft attendance lines for Indian Land elementary schools.

Since that meeting, we have worked to publicize the proposed changes so that parents could see them and offer input.

The proposed lines were

- covered by *The Lancaster News* and *Gateway*.
- posted on our district web page.
- posted on the district and safety facebook pages.
- reviewed in face-to-face, question-answer sessions by Bryan Vaughn at Harrisburg and Indian Land elementaries.

We have carefully reviewed the proposed attendance lines – considering the input we received – and believe the lines as proposed are the appropriate plan for reorganizing attendance zones for the Indian Land elementary schools.

I recommend you approve attendance lines as described on the attached pages.
