

The Ideal Superintendent

A New Leader for Our Children

We want your input on a profile of the ideal superintendent for our district

As you are probably aware, Dr. Gene Moore is retiring as superintendent July 31, and we have begun a search for his replacement.

We, your Board of Trustees, believe that an important component in this search process is gathering input from our community. We have developed the survey on the next page to help us get your input. We have also sent this survey to our teachers and staff, asking them to give us their input.

With your input and the input from our teachers and staff, our board will proceed to create a profile for our ideal superintendent. We will use this profile as a standard as we consider the abilities and experiences of each candidate and how they relate to the needs of our district.

On the next page is the survey that we invite you to complete. It will take only a few minutes to fill in.

- The top part of the survey is a checklist.
- At the bottom, you will note we have provided space for your written thoughts and comments about things we didn't cover on the checklist.
- Please return this survey to our district office **by March 13** in a sealed envelope addressed to

A New Leader for Our Children
300 South Catawba Street
Lancaster SC 29720.

We, the Board of Trustees, thank you for your honesty and input as you participate in this very important initial phase of the superintendent search process.

From the Board of Trustees

*Janice Dabney, Tyrom Faulkner, Margaret Gamble,
Don McCorkle, Bobby Parker, Melvin Stroble and Bill Sumner*
