# Let the world know!

1. **Create** your skills, your talents, your experiences & more

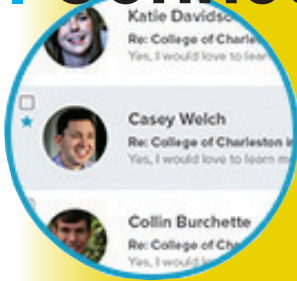

You create a profile showcasing everything about you – your skills, talents, experiences & more.

2. **Search**

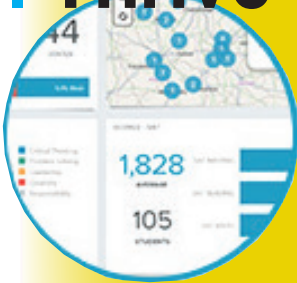

Colleges & companies search for, identify and track the talent they want.

3. **Connect**

You talk with talent seekers - creating direct connections earlier.

4. **Thrive**

You build relationships with people at colleges & businesses & discover new opportunities, & colleges & companies deepen their future talent pipeline.

**STEM Premier helps students find career pathways, helps colleges recruit top talent to their schools and helps employers develop a stable, continuous talent pipeline.**

**S**TEM Premier is a valuable and safe connection tool to industry and colleges. STEM Premier is an ongoing profile where students can readily access their data to update it as they grow in experiences and wisdom. Being able to add highlight videos of skills sets and extracurricular activities is a bonus. The new feature of exporting the student's data to a PDF puts an instant resume' in the student's hands. Students reflect on their current skills, interests, and activities and with this reflection, students are then equipped to explore future career choices and the skill sets and activities they need to acquire to reach their choice of career cluster.

**Bridgett Plexico**  
Business Education Teacher  
Microburst EmployABILITY Teacher  
Lancaster High Career Center

**S**TEM Premier gives students the opportunity to showcase their talents and exceptional skills that make them distinctive among their peers. This program will also help students to build relationships and gain new opportunities for higher education and future employment.

**Sheila Washington**  
Business Education Teacher  
Indian Land High

**I**'m excited about my students getting to use STEM Premier. I believe this program will help them as they think about the colleges they want to attend and the career choices they will make. The program will relieve some of the anxiety students face as they contemplate their futures.

**Benjy Bell**  
Business Education Teacher  
Andrew Jackson High

**C**ompetition for jobs and college acceptance is fierce. It is hard to stand out in the crowd without a tool to highlight your accomplishments and skills. STEM Premier provides the platform to showcase why you are the best candidate for the job you want or college you wish to attend. STEM Premier is an integral tool needed to enhance a student's skills and abilities.

**Keta Carter**  
Business Education Teacher  
Buford High
