

Hall of Fame

Katie Massey Brown – Educator

I'm nominating Katie Brown, a Lancaster native, and the wife of the late Jethro Brown and mother of seven children. Mrs. Brown is a person of dignity, high moral character, patience, kindness, obligation of duty and spiritually sound.

She is extremely loyal to her family and sensitive to the needs of others. Mrs. Brown has done an outstanding job in balancing her work career, her job as a mother, wife and educator. Even today, many of her students speak with gratitude and compliments about Mrs. Brown. She brought into the classroom a genuine interest in her teachers, staff and students. As a co-worker and neighbor, I can say that "Katie" is exclusively my friend; however, dozens of people will tell you that she is just as special to them. With her innate abilities and intellect, she was able to facilitate the students' learning and development. Even after retirement, she continues to have interests and works with neighbors, church family and community organizations.

Retired Educator Katherine B. Stevens

- Buford Elementary Principal 1 Year
