STEAMtastic

The district's new STEAM initiative **will get... ♦ Teachers** working together
across subject areas K-12 **♦ Students** working together to **solve** problems
♦ All of us understanding **how** what we're teaching & learning **will matter** in
life after high school by:

COLLABORATION

STEAM gets teachers across subject areas working together. They plan together on how to use common themes to let students understand how skills in each subject help them solve problems.

An example: A school's teachers of art, English, history, math and science decide to use *Star Wars* as a basis for a connected unit of study.

Art students look at famous space art and at how the movie's art directors created props and imagined locations. Students create art connected to space.

English students read and analyze famous science fiction, study themes of good versus evil and write their own stories/poems/scripts. Maybe even write and perform a scene.

Social studies students study the history of the movie or space travel, construct how future economies might look, compare governments in *Star Wars* to ours.

Math students learn formulas to measure distance and circumference and time travel.

Science students learn scientific processes for analyzing atmosphere and soil and radiation.

And in every assignment, students work together to solve problems they're given.

CRITICAL THINKING

STEAM gets students focused on solving problems – the best way to master concepts and standards.

That focus on problem solving uses real world resources – the internet, apps, computers and *Discovery Education's* extensive data bank of learning resources.

And that focus forces students to build the critical- thinking skills today's jobs demand – in manufacturing, in offices, in the service sector – the same skills colleges demand. The same skills students will need when technology changes jobs they're hired for again and again and again.

Today's workforce must have problem-solving skills – critical-thinking skills – not just be good at the same repetitive tasks past jobs rewarded.

STEAM focuses on building those skills.

Creativity

STEAM gets students thinking outside the box to solve problems. How? By having them tackle the same problem across subject areas.

STEAM encourages students to see how what seems to be a math problem can be solved through language skills, through art skills, through a look at history, through research, through understanding the psychology of the way people react.

STEAM focuses on building connections between subjects – focuses on getting students to see those connections as ways to solve problems.

COMMUNICATION

STEAM places emphasizes getting teachers talking to each other to find ways to help students master concepts, and **STEAM** gets students communicating in lots of ways and gives them lots and lots of practice.

Students build communication skills as they work together to solve problems, as they teach their peers concepts while they work together, as they make presentations to share what they discover.

CARING

STEAM helps students care more because they see how the concepts they're learning and the skills they're developing will matter in life after high school.

And **STEAM** requires students to interact more – to work together, to communicate, to create. Those interactions help students build stronger relationships – relationships that help them understand and respect each other.

Cell phone rules are tough

Students using cell phones during class causes significant disruptions, and the administration hopes tough cell phone rules will cut down on inappropriate cell phone use.

Use your cell phone when you should be doing classwork, and you'll lose that phone – maybe for the rest of the school year.

“Disruptions caused by cell phones really hurt a student’s chances of doing his/her best in class and can be very disruptive,” Superintendent Jonathan Phipps said. “We want to send a strong message that we won’t tolerate students using phones without permission when they should be focusing on school work.”

The tough procedures require a parent and the student to meet with school officials before a confiscated phone will be returned.

The procedures also mean that a student whose phone is taken four times will lose that phone for the remainder of the school year.

When the phone is taken, the student gets a receipt and information on steps he and his parents must take to get the phone back.

The second time the phone is taken, the parent must call the Safety Office at 285-6009 to make an appointment to meet with the safety director.

The safety director will then meet with the parent and student to be sure they understand how disruptive cell phone use is to learning and to explain the consequences if the phone is taken again.

The tough cell phone rules

- ◆ Students are allowed to possess cell phones/tablets on school property with these exceptions:
 - **In elementary schools**, the device cannot be visible or activated from the first bell to final bell of school day.
 - **In middle schools**, the device cannot be visible or activated from the first bell to final bell of school day unless a teacher has asked you to use the device for instructional purposes.
 - **In high schools**, the device cannot be visible or activated during academic work unless a teacher has asked you to use the device for instructional purposes.
 - ◆ Students who violate this regulation are subject to confiscation of the device. These rules include off-campus trips during the academic day.
 - ◆ Once the device has been confiscated by the school official, the parent or guardian will be required to attend a conference with a school official before the device will be returned.
 - ◆ The parent is responsible for scheduling and attending the conference.
 - ◆ No walk-ins are permitted.
- First offense**
- ◆ The confiscated device will be held until a parent meets with a school official.

Second offense

- ◆ The confiscated device will be sent to the Safety Director and will be held for a minimum of 10 school days.
- ◆ The parent must call the Safety Office at 285-6009 to make an appointment with the safety director to get the phone.

Third offense

- ◆ The confiscated device will be sent to the Safety Director and will be held for a minimum of 30 school days.
- ◆ The parent must call the Safety Office at 285-6009 to make an appointment with the safety director to get the phone.

Fourth offense

- ◆ The confiscated device will be held for the rest of the current school year.
- ◆ The device will be eligible for return after the last day of school.
- ◆ The device will be stored for up to 180 days after confiscation if a conference is not held and the device is unclaimed.

If the device is not claimed

- ◆ If the device is not retrieved within the 180 days, it will be disposed of by the school district as abandoned property.

Repeat offenders

- ◆ Repeat offenders are subject to confiscation as well as disciplinary action ranging from in-school suspension to out-of-school suspension.

“Using cell phones in class without permission keeps students from focusing on their studies,” Dr. Phipps said. “And any student who uses a phone to cause or be part of a disruption – any time during the school day – will certainly face punishment.”

Rules that govern access to student records

- The principal of each school is the legal custodian of all student records for that school.
 - Cumulative record folders for all students will be kept in each school office.
 - » The educational records or school records include all materials directly related to a student that a school maintains.
 - « Records and notes maintained by a teacher, administrator, school physician or school psychologist for his/her own use, and which are not available to others, are exempted from this definition.
 - The principal will
 - » maintain juvenile criminal records and information provided by the Department of Youth Services in accordance with this policy and applicable district procedures.
 - » destroy such juvenile criminal records upon the juvenile’s completion of secondary school, or when the juvenile reaches 21 years of age, whichever occurs earlier.
- Students and parents will have access to their school records.
- Parents may inspect and copy these records by contacting the school principal and showing proof of guardianship.
- Parents have a right to ask the principal for an interpretation of records.
- Parents have the right to challenge data thought to be erroneous, to challenge the procedures for expunging such data or to challenge inserting a rebuttal statement.
- Parents have the right to lodge a complaint with the U.S. Department of Education if mandates are not adequately implemented.
- The school will require prior written consent before records may be divulged to third parties.
 - Exceptions to this rule exist for
 - » school district employees who have legitimate interests in viewing the records,
 - » officials in other schools in which the student seeks to enroll, although at the time of transfer, parents may review the material,
 - » military recruiters who seek student contact information,
 - » material under court order, although parents must be notified of the order,
 - » state and national educational organizations that require student data for confidential research and statistical purposes are also exempted from the parental consent prerequisite.
- The district, with certain exceptions, may disclose directory information, which may include names, addresses, telephone listings and dates of birth, without first obtaining written parental permission.
- Special education records for each child with a disability are maintained by our district until no longer needed to provide educational services to the child. **Please note:** Special education records for each child will be destroyed five years after program completion or graduation from high school, unless the student or the student’s legal guardian has taken possession of the records before that time.

- ◆ Nominations are due by the end of first semester. No nominations will be accepted after that time.

G Suite from Google: A great tool for students & staff

Students and staff will work together in G Suite, an education tool to help students succeed.

What is G Suite for Education?

- A word processing program (docs)
- and a “Power-Point” type application (slides)
- and a spreadsheet application (sheets)
- and an email system (Gmail)
- and a file storage system (drive)

How will G Suite be used?

Students and teachers can work together in “real time” on docs, sheets and slides from school or home in a secure online environment.

What can my child do with G Suite?

- Your student might
- work on an English or history or Spanish paper using docs
 - create a slides presentation for health or science
 - use sheets to build a spreadsheet or a graph to chart results of a science experiment or to report observations from a social studies survey
 - use emails through Gmail to a teacher or classmates about assignments
 - store files for projects or assignments in Drive

How can my child’s teacher use Apps?

- These apps will make it much easier for teachers and students to work together in the classroom and beyond. Teachers can use G Suite to
- facilitate group projects
 - use the history tool to see how much each student in a group is participating
 - give feedback to students directly in documents
 - receive assignments from students electronically.

What does “work together” mean?

- Work together, or collaborate:
- As a student works on a Doc or Slides or Sheets, the teacher can see what’s being typed or type comments and suggestions.
 - Multiple students in different locations can work together in the same Doc or Sheet at the same time.

Student guide for using technology, apps

- **Be sure to** keep personal info out of anything you put online.
- **Do NOT log-in** as another student.
- **Do NOT use** speech that isn’t appropriate for a classroom.
- **Treat other students** and staff and their ideas online with respect.
- **Your online assignments** are just like any other assignments – you must follow rules about plagiarism, cheating and use of technology.
- **You MUST NOT** use the internet to harass, discriminate or threaten the safety of others. If you receive a comment that makes you feel uncomfortable or is not respectful, report it to a teacher. Do NOT respond to the comment.
- **Do NOT download** or install any software or applications on school devices without permission – whether you’re at home or school – and do NOT click on ads.
- **You must be** honest, fair and cautious in gathering, interpreting and expressing information for the benefit of others. Always identify sources and test accuracy of all sources.

- **You are accountable** to your readers, listeners, viewers and to each other. Admit mistakes and correct them promptly. Expose unethical information and practices of others.
- **You will face** academic sanctions and/or disciplinary action if you violate rules for acceptable use of technology.
- **Students may have** a personal Google accounts, but these may not be used at school; only the @lcsd.k12.sc.us domain should be logged onto at school.

How will use of G Suite reflect in my student’s grade?

- Your child will be instructed on how to use the technology; the correct use may factor into the student’s assignment completion.
- Talk to your child’s teacher about specific requirements for assignments.

Does it cost to use G Suite?

G Suites is free to students and staff in our schools.

What if I don’t have a computer at home or internet access?

- Students in grades 3-12 will be issued a district Chromebook for educational purposes. G Suite will work on any device connected to the internet.
- Students in grades 3-8 will use Chromebooks at school only; students in grades 9-12 will use Chromebooks at school and take them home daily.

Who has access to my child’s account?

Our G Suite Terms of Use agreement ensures that our students and staff are sole owners of their data. Google will only access content stored on G Suite when a district administrator grants explicit permission. One example would be to investigate inappropriate use.

How will my child be protected online?

- no ads are used with G Suite
- Google requires a school-issued login and individualized password
- the gmail account only allows a student to email other students and staff
- G Suite complies with Family Educational Rights and Privacy Act (FERPA) and Children’s Online Privacy Protection Act (COPPA)

What if another student deletes my child’s work?

The owner is the only person who can delete work. Once a document is deleted, no one can access it, including those with whom it was shared.

Using our technology

Our district’s acceptable use & internet safety regulations

Educational purpose

- Our district wants to establish the basic structure for the use of our technology resources.

What we expect

- Each employee, student or non-student user of our district information system is expected to be familiar with and follow the expectations and requirements of these acceptable use & internet safety regulations.
- The purpose of these regulations is to ensure that individuals are aware of their responsibilities regarding the internet and related technology and equipment.
- These guidelines also help ensure the safety and privacy of current and former employees and students.

Legal requirements

- Our district is committed to complying with applicable information security requirements and relevant information security standards and protocols.
- These requirements include, but are not limited to
 - *The Family Educational Rights and Privacy Act (FERPA)*
 - *Children’s Internet Protection Act (CIPA)*
 - *Individuals with Disabilities Education Act (IDEA)*
 - *Children’s Online Privacy Protection Act (COPPA)*
 - *Health Insurance Portability and Accountability Act (HIPPA)*
- Users of our network are required to adhere to state and federal law as well as board policy.
- Any violation of laws or policies through the use of district networks may result in discipline or litigation against the offender(s) by the proper authority.
- Our district will provide any information necessary to fully cooperate with the appropriate authorities in the civil and/or criminal process.
- Our district will not be responsible for any obligations resulting from any unauthorized use of the system, including, but is not limited to,
 - copyrighted material,
 - threatening or obscene material,
 - material protected by trade secret,
 - inappropriate materials of any kind or any other illegal act.

Acceptable use

- Our district provides computers and similar devices, network, e-mail and internet access to individuals as part of the learning environment.
- The use of these resources is a privilege and not a right.
- While these systems have the power to deliver a vast number of resources to classrooms and enhance education, their effectiveness depends on the responsible and ethical use by every individual.
- Violation of these guidelines may result in the loss of this privilege and may also result in discipline or litigation in accordance with board policy and state and federal law.
- With access to technology and to people all over the world comes the increased availability of material that may not be of educational value in the context of the school setting.
- Although the district firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may get material inconsistent with the educational goals of the district, the district still makes every effort to monitor and restrict ready access to known objectionable sites and to controversial or inappropriate materials.
- The district does not condone the use of controversial or offensive materials and cannot be held responsible for such unauthorized use.
- Use of technology and/or internet access for any

purpose that is inconsistent with the educational mission of the district is strictly prohibited.

- While the schools’ teachers and other staff will make reasonable efforts to supervise student use of network and internet access, they must have student and parent/legal guardian cooperation in exercising and promoting responsible use of this access.
- Due to the integration of technology in the educational process and the curriculum of the district, student use of technology is not optional. All students enrolled in the district understand that they will be using technology responsibly on a regular basis and are bound by the terms of district policy and individual school guidelines.

District internet safety & other terms of use

General access

- The internet can provide a vast collection of educational resources for students.
 - It is a global network that makes it impossible to control all available information.
 - Because information appears, disappears and changes constantly, it isn’t possible to predict or control what students may locate.
 - Our district makes no guarantees as to the accuracy of information received on the internet.
 - Although students will be under teacher supervision while on the network, it isn’t possible to constantly monitor individual students and what they are accessing on the network.
 - Some students might encounter information that is not of educational value.
 - The district will use technology protection measures to protect students from inappropriate access.

Online behavior program

- Efforts will be made to educate minors about appropriate online behavior, including
 - interacting with other individuals on social networking websites and in chat rooms,
 - cyberbullying awareness and response and
 - the safety and security of users when using electronic communication tools.

Off-campus conduct

- Students, parents/legal guardians, teachers and staff members should be aware that the district may take disciplinary actions for conduct initiated and/or created off-campus involving the inappropriate use of technology if such conduct poses a threat or substantially interferes with or disrupts the work and discipline of the schools – including discipline for student harassment and bullying – regardless of whether the action involved district or personal equipment and regardless of the source of access.

Expectation of privacy

- Individuals should not have an expectation of privacy in the use of the district’s email, network systems, applications or equipment.
- The district may
 - open, read and copy emails sent or received on district email.
 - monitor an individual’s use on the district’s systems.
 - confiscate and/or search district-owned software or equipment.
- The district prohibits the use of its email or any application within its system for unprofessional and/or inappropriate purposes to include, but not be limited to
 - creating, transmitting or receiving data containing any language or depictions that could reasonably be perceived by others as being offensive, threatening, obscene, sexual, racist or discriminatory;

Exam procedures

Purpose of an exam

An exam should serve two purposes.

- To assess a student’s mastery of material taught during a course. Exams should be cumulative.
- To evaluate the effectiveness of instruction and its impact on student performance.

Amount of time for an exam

Elementary school

The amount of time for an exam in an elementary school will be set by the principal, with 60 minutes the maximum time for an exam.

Middle school

The amount of time for an exam in a middle school will be set by the principal, with the minimum time for an exam 60 minutes and the maximum time 120 minutes.

High school

The amount of time for an exam in a high school will be set by the principal, with the minimum time for an exam 90 minutes.

Schedules for exam days

- Exam dates are set on the district calendar.
- Clock schedules for exam days are set by principals.

Grade level exam guidelines

Elementary school

- Exams will be given only in grades 4-5 at the discretion of the principal.
- An exam in grades 4-5 will be given primarily as a teaching tool.

Middle school and high school

Exams will be administered at all grade levels in a middle school or a high school.

Self-contained units for disabled students

Exam requirements in this policy do not apply to self-contained units for students with disabilities.

Exemptions from an exam

- No exam exemptions except for seniors who are passing.

Weighting of an exam

- A high school final exam or end-of-course exam will be factored at one-fifth of the final grade. Mid-term exams will be given in year-long courses and will count 20% of the first semester grade.
- In a middle school unit course, a final exam or an end-of-course exam will count 20% of the final grade.
- In a middle school non-unit course, the final exam will count one-tenth of the final grade.

Student Complaints & Grievances (JCE)

In the interest of providing effective communication among students, teachers, staff and administrators, the board recognizes the need for a prompt and effective procedure for resolving student concerns, complaints or grievances at the lowest possible level.

The board encourages students to discuss their concerns or complaints informally with the teacher or staff member involved. Often, the cause of a problem or concern is merely a misunderstanding among the individuals involved.

If, at any time, a student believes that a formal mechanism for raising his/her concern or problem is needed, he/she should follow the procedure in this policy.

- Such a procedure will be available to all students of the district.
- At every level of the process, the parent/guardian is encouraged to be involved in the process, to assist the student in meeting the procedures required by the process and to participate in finding a resolution to the concern, complaint or grievance.
- A grievance is a claim by a student of a violation, misinterpretation or misapplication of a provision of board policies and administrative procedures or rules and regulations as they affect the student or work of the student.
- Students are encouraged to seek resolution of concerns, complaints or grievances under the procedure outlined in this policy and will have the right to do so with complete freedom from reprisal. It is important that concerns, complaints or grievances be settled without undue delay.
- The grievance may be appealed through each level to the board.
 - The original grievance and the response of the teacher or staff member involved will serve as the basis for each meeting.
 - The student and the teacher or staff member at the preceding level may summarize the facts previously presented.

Level I

- Step 1** – Any student having a grievance will first orally review or discuss such grievance with the teacher or staff member involved.
- Step 2** – If the discussion at Step 1 does not resolve the matter to the satisfaction of the student, the student has the right to present the grievance in writing to the teacher or staff member involved.
- The written grievance must contain a concise compilation of the facts upon which the matter is based and must include a reference to the specific policy, rule or regulation in question.
 - The student must present the matter in writing to the teacher or staff member involved within 5 school days after completing Step 1. Failure to do so will mean that the grievance no longer exists.
 - A copy of such grievance will be filed with the building principal.
 - The teacher or staff member involved will
 - » arrange a meeting with the student within 5 school days of receipt of the written grievance,
 - » provide the student with a written response to the grievance within 5 school days after the meeting and
 - » include in the response the name of the next level school staff member to whom the grievance may be appealed.

Level II

- Step 1** – If the decision of the teacher or staff member involved does not resolve the grievance to the satisfaction of the student or if no decision is made within the allotted time, the student may appeal in writing to the next school administrative level.
- Step 2** – On appeal to this level, the administrator
 - » will arrange a meeting within 5 school days of receipt of the grievance,
 - » may, at his/her discretion, hear witnesses and evidence directly and
 - » will respond in writing to the student within 5 school days of his/her hearing of the grievance.

NOTE: If the decision of a teacher or staff member is appealed to an assistant principal and the grievance is not resolved to the satisfaction of the student or if no decision is made within the allotted time, the student must then appeal to the principal of the school following Steps 1 & 2 above before moving to Level III.

Level III

- Step 1** – If the decision of the principal does not resolve the grievance to the satisfaction of the student or if no decision is made within the allotted time, the student may appeal in writing to the superintendent.
- Step 2** – On appeal to this level, the superintendent or his/her designee
 - » will arrange a meeting within 10 school days of receipt of the grievance
 - » may, at his/her discretion, hear witnesses and evidence directly and
 - » will respond in writing to the student within 10 school days of his/her hearing of the grievance.

Level IV

- Step 1** – If the action taken by the superintendent or his/her designee does not resolve the grievance to the satisfaction of the student, he/she may request in writing that the superintendent notify the board of the student's wish to be heard by the board.
- » The student's request must include a brief statement of the issues to be presented to the board.
 - » Failure to file such a request with the superintendent within 5 school days after receipt of the superintendent's decision on the grievance will cause the superintendent's decision to become the final judgment in the matter.
- Step 2** – Upon receiving the student's request to be heard by the board, the superintendent will, at the next regularly scheduled board meeting, deliver to the board in executive session the student's request and copies of all correspondence and decisions from Levels I, II & III.
- Step 3** – After examining these materials, the board may or may not grant the hearing request.
- » Written notice of the board's decision on the student's request will be rendered within 45 calendar days of the board's receipt of the request and sent to
 - student,
 - superintendent,
 - administrator(s) and
 - teacher/staff member involved.
 - » If the board decides to hear the matter, the student will receive written notice of date, time and place of hearing.
 - » Should the board decide to discuss the grievance with the student, the discussion will be informal and non-adversarial.

General provisions

- Reasonable adjustments to the timeframes set forth in this policy may be made at the request of either party.
- All notices to be given as part of this procedure by the administration should be served by certified mail, return receipt requested.
- At Level I & II/Steps 1 or Steps 2, the student may be represented by a parent.
- At Level III and IV, the student may be represented by an attorney with the cost borne by the student.
- The district will not provide legal counsel for the student.
- If the student chooses to be represented by legal counsel at Level III or IV, written notice to the superintendent of that intent must be given not later than 5 school days before the scheduled date of the hearing. Failure to give such notice could result in postponement of the hearing.
- No student will be the object of teacher or administrative reprisal, sanction or penalty of any kind for either activating or participating in the grievance procedure.
- Any hearing by the board will be private unless the student is not a minor and the student requests in writing that it be public.

Title VI, VII, Title IX, Section 504 of the Rehabilitation Act of 1973 & the Americans with Disabilities Act

The grievance procedures set forth above are to be used to process student complaints based on alleged violation of Titles VI and VII of the Civil Rights Act of 1964; Title IX of the Education Amendment Act of 1972; Section 504 of the Rehabilitation Act of 1973; and Titles I and II of the American with Disabilities Act of 1990 referred to as "civil rights grievances."

The above grievance procedure, however, shall be modified for civil rights grievances as follows:

- If the response of successive administrative levels below the superintendent do not resolve the grievance to the satisfaction of the student or if no decision is made within a designated time, the student may appeal in writing to the District's Civil Rights Coordinator if the complaint involves an alleged violation of the Civil Rights or to the Coordinator of Special Services if the complaint involves an alleged violation of Section 504.
- If the student fails to appeal within 5 school days of receipt of the written response, the right to appeal is waived.
- If an appeal is made to the Civil Rights Coordinator or the Section 504 Coordinator, an investigation, as may be appropriate, should be undertaken by individual.
 - Within 10 school days following any investigation, the Civil Rights Coordinator or Section 504 Coordinator will conduct a hearing and afford all interested persons and their representatives, if any, an opportunity to submit evidence relevant to the complaint.
- The Civil Rights Coordinator or Section 504 Coordinator shall render a decision on the matter within 10 school days after receipt of the grievance or if a hearing is conducted, within 10 school days after the conclusion of the hearing.
 - The decision, and any description of the resolution, shall be in writing, and a copy forwarded to the student.
 - After appeal to the Civil Rights Coordinator, the student may follow the procedures in accordance with the regular grievance policy.
- The right of a student to a prompt and equitable resolution of any civil rights grievance shall not be impaired by the student's pursuit of other remedies such as the filing of a complaint with the responsible federal department or agency.

Board policy prohibits gangs in our schools

The Board of Trustees recognizes the harm done by the presence and activities of gangs in public schools.

Gang activities create an atmosphere of intimidation in the entire school community. Both the immediate consequences of gang activity and the secondary effects are disruptive and obstructive of the process of education and school activities.

Gangs and gang activities are prohibited in our schools, according to:

Definition

- For purposes of this policy, a “gang” is any group of two or more persons whose purposes include the commission of illegal acts, or acts in violation of disciplinary rules of the district.
- “Gang-related activity” includes but is not limited to the prohibited conduct set forth below.

Prohibitions

- No student on or about school property or at any school activity will be

allowed to

- wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge, symbol, sign or other items that evidences or reflects membership in or affiliation with any gang;
- engage in any act – either verbal or nonverbal, including gestures or handshakes – showing membership or affiliation with any gang; or
- engage in any act in furtherance of the interests of any gang or gang activity, including, but not limited to,
 - soliciting membership in, or affiliation with, any gang;
 - soliciting any person to pay for “protection,” or threatening any person, explicitly or implicitly, with violence or with any other illegal or prohibited act;
 - painting, writing, or otherwise inscribing gang-related graffiti, messages, symbols, or signs, on school property;

- engaging in violence, extortion, or any other illegal act or other violation of school policy;
- soliciting any person to engage in physical violence against any other person.

Violations of policy

- Students who violate this policy will be subject to the full range of disciplinary measures ranging from in-school suspension to expulsion based on the totality and severity of the circumstances and the principal’s discretion.
 - Law enforcement will be notified when violations of criminal law are detected.

Adopted May 15, 2007

- Section 59-63-110, et. seq. – Safe School Climate Act

State Board of Education Regulations

- R43-279 - Minimum standards of student conduct and disciplinary enforcement procedures to be implemented by local school districts.

How we handle bad checks

Our district uses **First Citizen’s ChecXchange** and **BB&T’s Check Track** services for electronic collection of returned checks written to schools. Collection of non-sufficient fund (NSF) checks will be made through an automatic withdrawal from the check writer’s account. South Carolina law allows a maximum “bad check” fee of \$30, which will be collected along with the returned check.

Behaviors referred to law enforcement

State law and board policy require that law enforcement be notified of criminal behavior committed on campus or during school-sponsored activities. Below are offenses that will be referred.

THE CRIME– Possession of alcohol by a minor

THE TIME– 30 days in jail and/or \$200 fine and suspension of driver’s license for 90 days, no matter where you are when you’re caught with the alcohol

Tougher laws

The punishment for a student who assaults a school employee or brings a firearm on campus is now tougher.

The School Safety Act of 1997 passed by the S.C. Legislature sets the punishment for a student who assaults a school employee at one year in jail or a \$1,000 fine.

Also, the S.C. Legislature has passed a law requiring that a student who brings a firearm to school be expelled from school for no less than one year.

“The board and the administration want to be sure parents and students understand that these laws are in place,” Superintendent Jonathan Phipps said. “Please talk with your children about these laws and be sure they understand the consequences they face.”

“The state obviously wants to be sure educators know that they’re working with students who’ve committed such acts.”

The assault law also requires the district to record the conviction in the student’s permanent record and to record any conviction of any violent crime committed in the community.

The law requires the district to notify each person who teaches the student that he has been convicted of a violent crime for as long as the student is in school.

The law leaves the district no choice but to tell teachers of a student’s criminal record.

“We don’t want to brand a child as a felon, but the law leaves us no choice. We must notify teachers,” Phipps said.

The firearm law leaves the Board of Trustees no choice but to expel a student from school for no less than one year if it is determined that the student brought a firearm to school or to a school-sponsored event.

Student convicted of violent crimes faces tough punishment

Provisions of School Safety Act

- ◆ Any student convicted of assault and battery of a school employee shall be subject to one year in jail or a \$1,000 fine.
- ◆ The conviction of such a student will be entered into the student’s permanent record as will any conviction of any violent crime committed in the community.
- ◆ The teacher of any student convicted of a violent crime or assault on a school employee will be notified of such a conviction for as long as the student is enrolled in school.

What the firearm law says

- ◆ The district board of trustees must expel for no less than one year a student who is determined to have brought a firearm to school or any setting under the jurisdiction of a local board of trustees.
- ◆ The expulsion must follow the procedures established pursuant to Section 59-63-240.
- ◆ The one-year expulsion is subject to modification by the district superintendent of education on a case-by-case basis.
- ◆ Students expelled pursuant to this section are not precluded from receiving educational services in an alternative setting.
- ◆ Each local board of trustees is to establish a policy which requires the student to be referred to the local county officer of the department of juvenile justice or its representative.

A “firearm” means not only a gun but any explosive or incendiary type device.

“The board and the administration want to be sure parents and students understand that such an expulsion could cost them two years of school,” Phipps said.

An expulsion under the law that happens after the first 10 days of the school year could result in the student losing school credit for two years in a row because the student could not return until one year later at a point too late to gain credit for that year.

Tough dress code designed to help students

Dress Code – Board Policy JCDB

The responsibility for the dress and appearance of a student rests with that student and his parents/guardians. The student and his parents/guardians have the right to determine how the student dresses, providing the dress and grooming

- are not destructive to school property,
- comply with health and safety requirements,
- don’t interfere with the educational process or disrupt a recognized school function and
- reflect respect for the student, the school and the community.

The following items are minimum requirements for student dress code regulations established by schools:

- Clothing and/or hair should not be so extreme or inappropriate to the school setting as to disrupt the education process. For that reason, clothing deemed distracting, revealing, overly suggestive or otherwise disruptive will not be permitted.
- Wearing accessories or clothing that could pose a safety threat to the student or others is not allowed.
- Hats and sunglasses may not be worn in the building.

- Attire must not evidence membership or affiliation with a “gang” in any negative sense of the term.
- Appropriate, safe shoes must be worn at all times.
- Attire must not be immodest, obscene, profane, lewd, vulgar, indecent or offensive.
- Clothing that inappropriately exposes body parts is not permitted. Students will not expose undergarments.

- No clothing, jewelry, or tattoos are permitted that display profanity, suggestive phrases, or advertisements for – or messages or pictures depicting or suggesting – alcohol, tobacco, drugs, sex or any other inappropriate or illegal behavior.

The administration has the responsibility of ensuring that student dress meets the criteria above and may make reasonable rules to restrict or govern student dress.

Adopted March 16, 2010

at each level,” Phipps said. “This tougher policy gives our school administrators and faculties the support they need to enforce a consistent dress code.”

 - Recordings showing potential evidence of criminal activity will be evaluated by the safety director and/or resource officer for evidentiary value and referral to the appropriate law enforcement agency.

Searches & seizures on district property

Students do not lose their constitutional rights upon entering school premises. The Fourth Amendment to the U.S. Constitution protects all citizens, including students from unreasonable searches.

However, students and their belongings are subject to reasonable searches and seizures when administrators have a belief, reasonable under the circumstances,

- that a student committed a crime or a violation of a school rule and
- that such a search will reveal contraband or evidence of a violation of a school rule or a criminal law.

Any search conducted must be reasonable in scope giving the age and sex of the student and the nature of the alleged infraction.

Only the principal or his designee may conduct such searches within the constitutional parameters outlined above unless exigent circumstances exist that require another staff member to take immediate action for safety reasons.

Searches - lockers & desks

Schools provide lockers and/or desks to students for their use during the school year.

- Schools retain ownership of both.

- School officials may conduct unannounced searches at any time to maintain health and safety standards.

Searches with metal detectors

The administration is authorized to use stationary or mobile metal detectors when

- the administration in any school has reasonable suspicion to believe that weapons or dangerous objects are in the possession of unidentified students;
- a pattern of weapons has occurred or dangerous objects have been found at a school, on school property, at a school function or in the vicinity of a school; or
- violence involving weapons has occurred at a school or on school property, at school functions or in the vicinity of a school.

School personnel operating the metal detectors must comply with the rules and regulations for the use of such devices as adopted by the Board of Trustees.

Surveillance of students

- Surveillance may be used in areas where students have no expectation of privacy such as but not limited to buses, classrooms, parking lots, lunch rooms and halls.

Interrogations by school personnel

Teachers and principals may question students about any matter pertaining to the operation of a school and/or enforcement of its rules.

- The staff member will conduct the questioning discreetly and under circumstances that will avoid unnecessary embarrassment to the person being questioned.
- Any student who answers falsely or evasively or who refuses to answer a proper question may be disciplined.

Interrogations by law enforcement personnel

When law enforcement officers find it necessary to question students during the school day, the school principal or his designee will be present.

- The law enforcement officers will conduct the questioning with the principal or his designee present.
- The principal or his designee will attempt to contact the parent/legal guardian and request his attendance.

Discipline

Our elementary and secondary discipline plans

The elementary, middle and high school discipline plans are based on four beliefs.

- Our students consistently bring honor and distinction to themselves, their parents, the school district and their communities.
- Our students’ academic accomplishments, community service and co-curricular activities are well known.
- Our students, in general, are excellent citizens and
 - are rarely absent or tardy,
 - recognize the importance of learning,
 - enjoy the challenges of increased responsibility,
 - form healthy relationships with staff and other students,
 - take part in school activities and
 - meet the demands of growing up and getting an education in a most satisfactory manner.
- A few students
 - seem unwilling to accept responsibility for their own behavior and
 - sometimes make it difficult for other students to learn.

Our discipline plans identify unacceptable behaviors, outline procedures for staff to follow in administering the plan and list consequences for students whose

The use of corporal punishment

The authority to administer corporal punishment

In South Carolina, local school boards have been empowered to provide for the corporal punishment of any pupil that it deems just and proper by Section 59-63-260, S. C. Code. Two U. S. Supreme Court decisions have affirmed the constitutionality of the use of corporal punishment in the public schools – Baker vs. Owen, 423 U. S. 907 (1975) and Ingram vs. Wright, 51 L.Ed 2d 711 (1977).

The persons who can administer corporal punishment

Principals and assistant principals in grades K-6 and principals, assistant principals or principals’ designees in grades 7-9, excluding grade 9 in a 9-12 high school, are authorized by the Board of Trustees to administer corporal punishment to students under the guidelines below, provided the administrator/designee and the student in grades 7-9 are of the same sex.

The guidelines for administering corporal punishment

As a matter of board procedure, reasonable corporal punishment of a student is permitted as a disciplinary measure to preserve an effective educational environment free from disruption and conducive to the furthering of the educational mission of the board.

- Corporal punishment should be used only after other corrective measures have been used without success.

- Corporal punishment may be used only when the student is informed beforehand of the specific misconducts that could result in corporal punishment.
- The only exception is when a student’s misconduct is so anti-social or disruptive that it shocks the conscience. Subject to this exception, corporal punishment should never be used as a first line of punishment.
- Before administering corporal punishment, the principal or assistant principal must consider
 - the seriousness of the offense,
 - the nature and severity of the punishment,
 - the student’s attitude,
 - the student’s past behavior,
 - the student’s age and
 - the student’s physical condition.
- Corporal punishment must be reasonable and moderate.
- Corporal punishment may not be administered maliciously or for the purpose of revenge.
- The only corporal punishment permitted will be paddling on the buttocks.
- The time from when the offense is committed to when the punishment is administered should not be so long as to cause undue anxiety in the student.
- A teacher or principal must punish corporally in the presence of a second professional school employee.

- The professional school employee witnessing the corporal punishment must be informed beforehand and in the student’s presence of the reason for the punishment.
- The student need not be afforded a formal opportunity to present his side to the professional school employee witnessing the corporal punishment.

The records that must be maintained when corporal punishment is used

A disciplinary record of corporal punishment must be maintained.

- The disciplinary record must contain
 - the name of the student,
 - the type of misconduct,
 - any previous disciplinary actions,
 - the type of corporal punishment administered,
 - the name of the person administering the punishment,
 - the names of witnesses present and
 - the date of the punishment.
- A professional school employee who administers corporal punishment must provide the child’s parent, upon request, a written explanation of the reasons for corporal punishment, including the information contained in the discipline record.

Q's&A's on identifying Junior Scholars

Q What is the Junior Scholars Program?

The S.C. Junior Scholars Program was developed by the State Department of Education during the 1985-86 school year to identify eighth-grade students with exceptional academic talent and to determine strategies for their inclusion in special programs.

The program reflects the growing statewide effort to improve education in South Carolina and responds to the needs of students possessing unique abilities.

The program's purpose is to identify students with exceptionally high scholastic achievement and intellectual ability and to provide opportunities for these students that will facilitate their intellectual growth, broaden their individual interests and promote their scholastic achievement.

Q What does the program include?

The program includes a process for screening a potential talent pool of students identifying and recognizing those students

Q How do I nominate my child for GT evaluation?

Parents with students who have demonstrated ability or potential for high performance in academic areas may refer their child for screening by completing a referral form available at local schools. To obtain a form, parents should contact their building principal or guidance counselor.

Q How does a student qualify for GT programs?

Gifted/talented students may be found within any racial, ethnic, or socio-economic group; within any nationality; within both genders; and within populations with disabilities.

Identification is a multi-step process, which consists of referral, screening and assessment of eligibility by a district evaluation and placement team. The state of South Carolina has established three dimensions of giftedness as criteria for placement in the academically gifted program. In order to qualify for placement in gifted/talented programs, a student must meet the eligibility criteria in two out of the following three dimensions

Dimension A– Reasoning Abilities

Students must score 93rd national age percentile on a nationally normed aptitude test.

Students may be eligible for placement on the basis of aptitude scores alone if they score 96th national age percentile on the composite score of a nationally normed aptitude test.

Dimension B– Achievement

Students must score 94th national percentile on approved subtests (reading comprehension and/or mathematical concepts and problem solving) on a nationally normed achievement test, or an appropriate score on reading and/or math on the South Carolina statewide assessment instrument.

Dimension C– Academic Performance

For placement in grades 3-6, a student must achieve an appropriate performance

standard on either verbal or non-verbal performance tasks.

For placement in grades 6-9, a 3.75 grade point average in the academic disciplines is required.

Q Why are GT students identified?

Purposes of the identification process are

- to find students who display characteristics of the gifted/talented (i.e., ability or potential for high performance in academic areas);

- to assess the aptitudes, attributes and behaviors of each student; and
- to evaluate each student for the purposes of placement.

Q How are gifted/talented students served?

The approved program models below are used by school districts:

Resource Room/Pull-out Model

In this model, gifted/talented students are removed from the regular classroom for a specified period each week to receive differentiated instruction. The curriculum involves advanced problem-based interdisciplinary units of study. Multi-grade grouping may be used.

Special Class

This model is a gifted/talented class organized around one or more academic subjects. The special class delivers services to identified students through a rigorous and often accelerated curriculum.

Q When are screenings & who do I call for info?

Screening for academic gifted programs begins in fall of Grade 2 for third grade placement. For specific information regarding the program in our district, contact **Tom McDuffie** (803) 416-8910.

Referrals must be made by Oct. 15.

No private testing is accepted, but those results may be used for referrals.

with exceptionally high scholastic achievement and intellectual ability, and sponsoring summer opportunities in collaboration with participating S.C. colleges and universities.

Q When does the program begin?

Students are screened and identified in the eighth grade. Educational plans are developed following identification.

Q How will be the students be recognized?

The students who qualify for this special recognition will be recognized in local awards ceremonies, receive an Award of Merit from the State Department of Education, and be invited to attend summer opportunities at participating S.C. colleges and universities.

Q What identification criteria is used?

Eligible students who score greater than or equal to 50 on the Preliminary Scholastic

Aptitude Test (PSAT) in verbal, math, or writing will be identified as Junior Scholars.

Students who participated in the Duke University's Talent Identification Program (TIP) during their seventh-grade year, who met the eligibility requirements as outlined by that program, and who were identified and recognized as Duke TIP scholars at the state level will be automatically identified as S.C. Junior Scholars.

Q Who is eligible to take the PSAT?

Any eighth grader who is interested may take the PSAT for a nominal fee.

Q Who do I call for info?

For more information about the South Carolina Junior Scholars Identification and Development Program, please contact the principal or guidance counselor in your local school.

Timeline for selecting artistically gifted

- ◆ Referrals due by mid-October (applications available at middle schools or GT office)
- ◆ Auditions in fall after referrals are received

State regulations

Q's&A's on identifying artistically gifted

Q Who are artistically gifted students?

Sixth-eighth graders who meet eligibility criteria established by S.C. Department of Education and our district will be identified as artistically gifted & talented. Students can qualify as artistically gifted & talented in either dance, drama, music or visual arts.

Q How can students be referred?

Beginning in September, students may be referred for artistically gifted and talented

programs by parents, students, teachers, administrators or others aware of a student's interest and talent in the arts. Referral forms are available at each middle school and the GT office. Referrals must be received by mid-October.

Q What happens after a student is referred?

Auditions to select students are scheduled each fall after referrals are received. Selections are made by an evaluation/place-ment team as prescribed by state regulation. The team bases selection on interviews and performance at auditions.

For students auditioning in visual arts, the team also reviews student portfolios.

Q What services does our district offer?

Services may include, but aren't limited to, after-school and Saturday workshops and an intensive summer arts program. There is a nominal fee for transportation to and from Winthrop University.

Q Who can I call for more information?

For more information on student selection or the programs offered, call the Gifted & Talented Program Coordinator.

If your child needs to take medicine at school

We are strongly committed to the health, safety and well-being of our students. A student may receive assistance with over-the-counter and prescription medication during school hours from the nurse, principal, or his/her designee. Our Guidelines for School Administration of Medication establish the basic structure for assisting students with medication during school hours.

- Medication should be given by a parent or guardian before or after school hours, when possible.
- Initial doses of medication that a student has never taken before will not be given at school.
- A responsible adult should deliver the medicine to the school. Do not send medication with the student.
- Medication to be given at school must be accompanied by the Permission for School Administration of Medication form.
- A separate Permission for School Administration of Medication form must be completed for each medication.
- The Permission for School Administration of Medication form must be renewed, at a minimum, at the beginning of each year.
- The school district may decline to administer certain medications, if deemed inappropriate for a school setting. In that event, the parent and healthcare provider will be notified.
- Medications that make students drowsy and unable to participate in educational activities may not be appropriate for school administration.
- All medications are to be stored in the health room. If a student needs to carry an emergency medication on his/her person, authorization forms completed and signed by the physician, parent and student are required.
- Parents/guardians are responsible for knowing the expiration date of any medication brought to school and replacing medication before the expiration date. Expired medication will not be administered.
- The parent/guardian will reclaim any used medications within one week of the termination of treatment or within one week of the last day of school.
- The nurse, principal or his/her designee will destroy any unused medication not reclaimed within one week of the termination of treatment or within one week of the last day of school.

Prescription medication

- A written prescription is required for Prescription medication, Herbal, Homeopathic or Over-the-Counter medication with dosage outside of manufacturer's recommendations.
- The Permission for School Adminis-

tration of Medication form, when signed by the healthcare provider, may serve as the written prescription. The parent/guardian signature is also required.

- A separate form must be completed for each medication.
- Prescription medication must be in the original, labeled container provided by the pharmacist who filled the prescription.
- Any medication that the nurse has received a healthcare provider's order for, is to be treated as a prescription medication and must have a pharmacy label on the container in order to administer.
- Controlled substances must be limited to no more than a 31-day supply.

Over-the-counter medication

- The parent/guardian must complete and sign the Permission for School Administration of Medication form.
- A separate form must be completed for each medication.
- Over-the-counter medication must be in the original, unopened container with manufacturer's label.

The parent/guardian should attach a label with the student's name to the medication.

Responsibility for adverse drug reaction

Neither the district nor its personnel will be responsible for the occurrence of any adverse drug reaction when the medication has been given in the prescribed methods.

Penalty for sharing prescription medicine

- Students who share any medication with another student will face disciplinary action including, but not limited to, suspension or expulsion.
- Each year, the district will notify students in writing of this prohibition and that violations may result in disciplinary action.

Self-medicating and/or self-monitoring

- The school district will authorize eligible students to self-monitor and self-administer medication, as prescribed by the student's healthcare provider, except in the case of controlled substances and/or sufficient evidence that unsupervised self-monitoring or self-medication would seriously jeopardize the safety of the student or others.
- Authorization forms completed and signed by the physician, parent and student are required, if student needs to carry an emergency medication on his/her person.

- An IHP must be established in order for a student to be allowed to self-medicate and/or self-monitor.
- Medication authorized to be carried by the student must be in the original, labeled container provided by the pharmacist who filled the prescription.
- Parents/guardians are responsible for knowing the expiration date of any medication brought to school and replacing medication before the expiration date. Expired medication will not be administered.
- The school district will grant permission to self-monitor and self-administer medication on a year-by-year basis.
- The district may revoke a student's permission to self-monitor or self-administer medication if the student endangers him/herself or others through misuse of the monitoring device or medication.
- in classroom or on school grounds,
- at a school-sponsored activity,
- in transit to and from school or school-sponsored activities **or**
- during before or after-school activities on school-operated property.

Individual Health Care Plan

Many students attending school have health conditions which require special health care services. An Individual Health Care Plan (IHP) is a plan of care, written by a registered school nurse, designed specifically for an individual student to provide for meeting the health monitoring and care of the student during the school day or at school-sponsored functions. Students with special health care needs are students with health conditions requiring treatments, medical procedures, medications, and/or monitoring that must be performed by school personnel and meet one or more of the criteria below:

- (a) are complicated and/or lengthy
- (b) require several contacts with the nurse during the school day,
- (c) are needed to prevent death or disability on an emergent basis,
- (d) are needed for students who have medically fragile health conditions, and/or
- (e) are prescribed treatment, medical procedures, medications and/or monitoring at school more than fourteen consecutive days.

Students who have been granted permission to self-medicate and/or self-monitor in accordance with school district procedure are also considered to have special health care needs. An IHP must be established in order for a student to be allowed to self-medicate and/or self-monitor.

It is important to report any illness or condition that your child has that may require medical support during the school day. If you have questions or concerns about your child's health or school nursing services, please contact your child's school nurse or Lead Nurse, Leigh Anne Lever (803)416-8887.

Homebound instruction

Services help students with serious illnesses

Students who can't attend school because of illness, accident or pregnancy, even with transportation, are eligible for homebound or hospitalized instruction.

The district will provide at least the minimum number of instruction hours as provided in current State Board of Education rules and regulations. All teachers providing homebound instruction to students residing in the district must hold a valid S.C. teacher's certificate.

Conditions that must exist

For a student to receive homebound instruction, the following conditions must exist.

- The student must be of legal school age.
- A **licensed physician** must certify that the student is unable to attend school, even with transportation, because of a medical condition.
- Appropriate school staff must determine that homebound instruction is appropriate for the student.
- The student must successfully complete the materials assigned and receive a passing grade from the student's classroom teacher. This requirement is necessary for the student to advance to the next grade or to satisfy the state requirements for a state high school diploma.

Precautions to students

The precautions below are given to a student who initiates homebound instruction.

- If the homebound student becomes irregular in setting appointments for instruction or in being available for appointments, the district's attendance/truancy procedures will be initiated and may result in discontinued homebound services.
- A violation of the homebound regulations will result in cancellation of homebound services.

Homebound instruction will be administered according to local procedures with all procedures in compliance with state regulations and district policy.

The procedures for determining eligibility and services

The procedures below regarding eligibility and delivery of services are provided to insure consistency across the district:

- Each school will follow state regulations and district policy on homebound instruction.
- Homebound instruction begins on the 7th consecutive absence for high school students and on the 11th consecutive absence for elementary and middle school students who are ill and stops on the day the student returns to school. Exceptions must be approved by the Student Services Director.
- The homebound application, properly signed by a physician and submitted to the district for approval, will be valid for 30 days.
- If homebound services need to be extended beyond

Medicaid Notification

Student Services

Our district provides Medicaid-Billable Services to students

Our district provides health-related services to students – including nursing services, psychological evaluation services and speech services – and for these services to be billable to Medicaid, your permission is needed. Each year, our district sends a *Medicaid Parent Notification* form and a *Medicaid Consent* form to parents requesting consent to bill Medicaid for these services. Below is the *Medicaid Parent Notification* form letting you know about our district's intent to request your consent to bill Medicaid. Reimbursement for health-related school services will **NOT** affect any other Medicaid services or insurance benefits for which your child is eligible. If you have questions, please contact Student Services Director Kathy Durbin at Kathy.Durbin@lcsdmail.net or at 803-416-8876.

Notification

This notification is to inform you of the intent of our district and the S.C. Department of Education (SCDE) to bill Medicaid and/or third-party insurance and receive payment from Medicaid and/or any third-party insurer for services, as permitted under the Individuals with Disabilities Education Act (IDEA), and as set forth in your child's individualized education program (IEP). Our district and SCDE may also bill Medicaid for diagnostic and psychological evaluation services, behavioral health services, nursing services and other health-related screenings and treatment services billable to Medicaid or a third-party insurer with or without the requirement of an IEP. Our district must provide this notice to you prior to requesting your consent to bill Medicaid and/or any third-party insurer once a year for services that our district will provide in the future.

This document also serves as notice that our district and SCDE will release and exchange medical, psychological, and other personally-identifiable confidential information, as necessary, to the S.C. Department of Health and Human Services and any applicable third-party insurer regarding services provided to your child.

Medicaid and third-party insurance reimbursement for billable services provided by our district will not affect any other Medicaid services or insurance benefits for which your child is eligible. Our district cannot bill Medicaid or your child's insurance program if it will decrease available lifetime coverage or any other insurance benefit, result in your family paying for services that would otherwise be covered, increase your insurance premiums or risk loss of eligibility for waived programs. You are not responsible for paying any outstanding deductibles, co-payments or co-insurance related to the district billing Medicaid or your child's insurance program for services provided by our district. Your child will receive the services listed in the IEP, regardless of whether your child is covered by public or private insurance programs and regardless of whether or not you provide consent to access those benefits. Your refusal to provide consent to release personally-identifiable information to Medicaid or any third-party insurer does not relieve our district of its responsibility to ensure that all required services are provided at no cost to you.

Any previous, current or future consent to bill Medicaid or third-party insurance was voluntary, and you may revoke your consent at any time. If you choose to revoke consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked).

Our district and SCDE will continue to operate under the guidelines of the Family Educational Rights and Privacy Act (FERPA) to ensure confidentiality regarding your child's treatment and provision of services.

More on Homebound instruction

If your child has special health care needs

Many health care services can be provided for students to keep them at school where they can learn and participate with other students.

Our goal is to provide information to parents and legal guardians about some of the services and programs available for addressing the health care needs of students during the school day to help students succeed in school.

It is important that the necessary health care information is shared with the appropriate people – such as teachers on duty during recess, bus drivers, and cafeteria employees – to make sure that the students’ needs are met throughout the school day.

Individual Health Care Plans or Individual Health Plans (IHPs)

Individual health care plans are also called individual health plans or IHPs.

- Registered school nurses write IHPs to insure a student’s health care needs are met while at school.
- The nurse works with the student, the student’s parents or legal guardians, the student’s health care provider and other school staff to write the plan.
- IHPs are written for students who have special health care needs that must be met by school staff during the school day.
- IHPs are also written for students who have been approved by the

school district to self-medicate or self-monitor.

- To learn more about IHPs, talk with your child’s school nurse or lead nurse Graceann Jones, 803-416-8884/803-320-2485, 302 West Dunlap Street, Lancaster, SC 29720.

Section 504 of the Rehabilitation Act of 1973 (Section 504)

Section 504 is a federal law that requires public schools to make adjustments so that students with certain disabilities can learn and participate in settings like other students who do not have disabilities.

- To be eligible for services under Section 504, a student must have a condition that substantially limits one or more major life activities.
- A team decides if a student is eligible.
- The team should include the student’s parent or legal guardian, the student (if able), and others who know the student or know about the student’s disability, such as a teacher, a guidance counselor, a school nurse and other school staff.
- If the student is eligible, the team develops an individual accommodation plan.
- The individual accommodation plan explains how the student’s needs will be met while at school

and may include health services for the student during the school day if needed.

- To learn more about Section 504, contact Student Services Director Kathy Durbin, 803-285-8439, 302 West Dunlap Street, Lancaster SC 29720.

Individuals with Disabilities Education Act (IDEA)

Students, ages 3 through 21 years, may receive services under the IDEA if the student needs special education and related services to benefit from his or her educational program.

- A team decides if a student qualifies for services under the IDEA.
- The team includes the student’s parent or legal guardian, teachers and other school staff.
- The team develops an individualized education program (IEP) if the student meets federal and state requirements.
- The IEP outlines a plan for helping the student receive a free appropriate public education and meet goals set by the team.
- The IEP may include health services for the student during the school day if needed.
- Contact Student Services Director Kathy Durbin, 803-285-8439, 302 West Dunlap Street, Lancaster SC 29720 to learn more about the IDEA.

Medical Homebound Instruction

Medical homebound instruction is a service that is available for students who cannot attend school for a medical reason even with the aid of transportation.

- A physician must certify that the student has such a medical condition but may benefit from instruction, and must fill out the medical homebound form that the school district provides.
- The school district then decides whether to approve the student for medical homebound services.
- The school district will consider the severity of the student’s illness or injury, the length of time that the student will be out of school, the impact that a long period away from school will have on the student’s academic success, and whether the student’s health needs can be met at school.
- To learn more about medical homebound services, contact Student Services Director Kathy Durbin, 803-285-8439, 302 West Dunlap Street, Lancaster SC 29720.

What state attendance law says

From the school year in which a child is 5 years old on or before Sept.1 until the child attains his/her 17th birthday or graduates from high school, parents and school officials have a responsibility to ensure the child attends school regularly.

Parents

- Parents are required by law to make sure their children regularly attend school (unless the child meets one of the limited exceptions listed in S.C. Code Ann. §59-65-30 (2004), found in Appendix Two).S.C.Code Ann. §59-65-10 (A) (2004).
- Parents whose child is not six years of age on or before Sept. 1 of a particular school year may elect for their child not to attend kindergarten. The parent must sign a written document making the election with the school district in which the parent resides.
- Parents who neglect to enroll their child or refuse to make their child attend school, upon conviction, may be fined up to \$50 or imprisoned for up to 30 days for each absence. S.C. Code Ann. §59-65-20 (2004). It may be considered educational neglect if a child is accumulating unlawful absences and the school’s efforts to help the child attend regularly fail because of the parent’s refusal to cooperate. S.C. Code Ann. §20-7-490 (2) (c) (Supp. 2005).

Board policy

In accordance with state law, every child between the ages of five and 17 must be enrolled in school. Each student is also expected to be in regular attendance. If students are to be successful in school they must be in school.

- The school year consists of 180 school days.
- Elementary, middle and high schools will establish guidelines for daily attendance for students to be counted present for a day. These guidelines will include provisions to address tardies to school and class and early dismissals.
- Any absences for a student in grades K-8 exceeding 10 or in grades 9-12 on a block schedule exceeding six in a unit course or exceeding three in a 1/2 unit course whether lawful, unlawful or a combination thereof, must be approved or disapproved by the board’s designee, the school principal. The principal’s decision may be appealed to the superintendent’s designee.
 - In each grade that does not award high school credit, a student with more than 10 absences, lawful and/or unlawful, will not be promoted without the recommendation of the principal.
 - In each class that may award one unit of high school credit on a block schedule, a student with more than six absences, lawful and/or unlawful, will not receive credit without the principal’s recommendation.
 - In each class that may award 1/2 unit of high school credit on a block schedule, a student with more than three absences, lawful and/or unlawful, will not receive course credit without the principal’s recommendation.

The district will develop

- definitions for lawful and unlawful absences,
- requirements for excuses and procedures for submitting excuses,
- regulations and procedures for interventions for unlawful absences,
- requirements for recovery and procedures for recovery programs and
- incentive programs at each school to encourage students to strive for perfect attendance.

District attendance regulations

Absences

An absence from school is considered “lawful” or “unlawful.”

Lawful absences

Lawful absences are absences made necessary when the student

- is so ill that attendance would endanger the student’s health or other’s health.
- has an immediate family member who has a serious illness or who dies.
- has a medical appointment that cannot be scheduled outside the school day.
- is observing a recognized religious holiday of student’s faith.
- must appear in court or meet an appointment with a legal officer.
- participates in a class-based field trip that the principal approves in advance.
- is suspended from class or school.
- participates in extracurricular activities that are not part of the regular school curriculum provided the principal approves the absence as lawful.

Unlawful absences

Unlawful absences are absences involving situations when the student

- is absent from school without the student’s parent or guardian knowing.
- is absent from school with the knowledge of the student’s parent or guardian but for a reason not considered lawful.
- presents a forged excuse.
- is absent for any reason that does not meet the criteria for a lawful absence.

Truancy

Truant

A child, at least 6 but not yet 17 years old, who has accumulated three consecutive or a total of five unlawful absences.

Habitual truant

A child, at least 12 but not yet 17 years old, who

- fails to comply with the intervention plan developed by the school, the child, and the parents or guardians, and
- accumulates two or more additional unlawful absences.

Chronic truant

A child, at least 12 but not yet 17 years old, who

- has been through the school intervention process
- has reached the level of a habitual truant and has been referred to family court and placed under an order to attend school and
- continues to accumulate unlawful absences.

Truancy intervention is initiated when a student accumulates “unlawful” absences. Reg.43-274 requires school districts to adopt policies to define and list lawful and unlawful absences.

Excuses

An excuse in the form of a note must be presented by the student to the principal or designee after the student’s return to school. The

principal may require additional documentation to justify a lawful absence.

- A note must be from a parent, guardian, legal officer, physician, dentist or licensed certified medical practitioner.
- The note must be presented within two days after the student’s return to school.
- The note must be dated and must include the date(s) of absence(s), the reason(s) for absence(s) and the signature of person providing the excuse.
- The reason given on the note for the absence will determine whether the absence is recorded as lawful or unlawful.
- A note not properly submitted according to this policy will cause the absence to be recorded as unlawful.
- A forged note will result in the absence being recorded as an unlawful absence.

Parent notes

After a student has 10 recorded parent notes or a combination of 10 parent and medical notes, a student will be required to turn in only medical notes due to illness for an absence to be recorded as lawful.

Recovery

Elementary students

- Students will be required to do one hour of recovery per missed school day that exceeds the number of allowable absences per board policy.
- Students will not be required to pay for recovery.
- Recovery will begin on the 11th absence.
- Medical excuses will be accepted
 - Make-up of hours missed is not required
 - Make-up of work missed is required
- Bereavement for immediate family is treated just like medical absence
- Make-up is required for out-of-school suspension
- Five early dismissals, tardies or a combination of the two require one hour of make-up time
- Exception for very special cases can be made by the principal

Middle students

- Students will be required to do one hour of recovery per missed school day that exceeds the number of allowable absences per board policy.
- Students will not be required to pay for recovery.
- Medical excuses will be accepted
 - Make-up of hours missed not required
 - A form from the teacher stating that all work has been completed is required before the student can receive credit for courses.
- Middle school recovery begins on the 11th absence.
- Principals will determine the total amount a student can miss.
- All high school credit courses that are missed will count as one hour per missed class.
- Recovery in high school credit courses begins after six absences.
- No more than 12 absences (three

and six for a .5 course) can be made up. Medical absences do not count in this total.

- Bereavement for immediate family is treated just like medical absence
- Make-up is required for out-of-school suspension
- Exception for very special cases can be made by the principal

High school students

- Full recovery of instructional time and work for each class absence that exceeds the number of allowable absences per board policy.

Intervention for unlawful absences

Beginning with a student’s third consecutive or fifth overall unlawful absence, school officials will take steps to identify the reasons for the student’s continued absence and work with the student and parent/guardian to develop an intervention plan to improve attendance.

If a child who is at least six but not yet 17 years old accumulates three consecutive unlawful absences or a total of five unlawful absences, that child is classified as a truant. Reg.43-274 (B)(1). Once a child is classified as a truant, the child’s parents and school officials have additional responsibilities to improve the child’s attendance.

- Parents must cooperate with the school intervention planning. This means parents should take an active role in assisting the school in identifying the reasons for the child’s truant behavior.
- Parents should also cooperate with any referrals made by the school in an effort to improve the child’s attendance.
- Parents must understand that if they refuse to cooperate with the intervention planning, Reg. 43-274 (D) states that the district has the authority to refer the child to Family Court for truancy and requires a report be filed against the parents with DSS for educational neglect.
- Educational neglect occurs only if a child is accumulating unlawful absences and the school’s efforts to help the child attend regularly were unsuccessful because of the parent’s refusal to cooperate.
- The three-day or five overall intervention plan will include
 - a direct intervention conference between the student and student’s homeroom teacher or regular teacher;
 - contact with student’s parent or guardian by the homeroom or regular teacher to determine reasons for unlawful absences and to discuss a plan to improve attendance;
 - documentation of the student and parent contacts, reasons for unlawful absences and methods agreed upon to resolve the causes of unlawful absences; and
 - documentation of referral to other school personnel or community agencies if the reasons for absences warrant this action.

- If the accumulated unlawful absences increase by two more, a second intervention plan will be initiated. The second intervention plan requires action by representatives of the school’s Student Assistance Team, including
 - a letter from the school to the parent requiring a conference with the parent and representatives of the Student Assistance Team;
 - a direct conference with representatives of the Student Assistance Team that includes both student and parent for ages 12-17, parent only for student ages 6-11 or the student alone, if the parent fails to come for the conference;
 - methods to resolve the cause of unlawful absences;
 - actions that will be taken in the event unlawful absences continue;
 - signatures of parent/guardian, student and S.A.T. members or documentation of attempt to involve parent/guardian and student;
 - documentation of involvement of agencies, departments, organizations and personnel outside the school system who assisted with or are a component of the intervention plan.
- If the accumulated unlawful absences increase by two after S.A.T. meeting, and the intervention plan is not successful, the school will refer the student to the truancy division.

School Truancy Court

- If a student ages 6 up until 17 continues to violate attendance laws by not complying with School Intervention plan, that student can be referred to School Truancy Court, where his/her file will be heard by the district-designated School Court Judge.
Note: When a child is age 6 up to 12, the parent will be required to attend Truancy Court process alone as the responsible party for child’s truancy.
- At the hearing, the Judge can immediately refer the case to Family Court, the Department of Social Services, Mental Health and/or the Department of Juvenile Justice (If student has had incorrigible behavior detrimental to those around him/her, the School Court Judge may opt to continue the intervention process depending on circumstances surrounding truant behaviors.)
- Once a student reaches the “Habitual Truancy” status or parents of ages 6-11 reach a status that could be interpreted as Habitual, the district reserves the right to petition Family Court or make a referral at the district’s discretion to the Department of Social Services or Mental Health.

Parents/Guardians: Please sign and return to your child’s school to indicate that you ...

- have read the attendance policy and procedures above.
- understand that to be in compliance with both federal and state law, my child must comply with these policies.
- understand that children under age 11 are not taken to court for excessive unlawful absences but the parents are.
- understand that children older than 11 and their parents are held accountable for excessive unlawful absences.

- The parent engagement plan explains how the school plans to work with

parents to review and improve parent programs and describes how parents can participate in planning these programs.

- The school-parent compact outlines how parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the way in which the school and parents will build and develop a partnership to help children achieve the state's high standards.

Description & explanation of curriculum, forms of academic assessment, and proficiency levels students are expected to meet

- Textbooks used in the classrooms have been revised by a committee of teachers and adopted and endorsed by the State Department of Education.
- Specific educational programs in each school are targeted to meet the identified needs of the school's children. Our district administers a variety of standardized assessments to its students.
- The test of state standards is part of the state assessment program, is given to students in Grades 3-8 and measures student performance on state standards.
- Kindergartners take KRA to assess early literacy skills.
- All students in Grades 1-5 take Fountas & Pinnell Benchmark Assessment to

determine students' reading abilities and instructional needs.

- To monitor student progress throughout the year, students in Grades K-5 are assessed by MAP (Measures of Academic Progress) to allow teachers diagnostic information in order to meet the needs of all students. In addition, all students are given teacher-prepared and textbook-provided assessments.

District-wide Title I expenditures for 2018-2019

Activities listed below are included in the district's Title I plan. This plan was developed by members of the district's Title I Planning Team.

August 2019

Dear Parent/Guardian,

Under the Higher Education Act of 1998, parents/guardians have the right to obtain information about the qualifications of their children's teachers. Specifically, parents/guardians have the right to know what type of certificate the teacher holds, what subjects the teacher is certified to teach, and the teacher's major and any graduate degrees the teacher has earned.

Most of this information is accessible through the State Department of Education's Division of Teacher Quality web site, under the Teacher Qualification Search link. You may search for this information by entering the teacher's name directly, or by accessing a listing of all teachers by district or school name. Only teachers currently employed in South Carolina's school districts are included in this listing. Information obtained through the Teacher Qualification Search site is intended for informational use only and is not an official record.

If you do not have access to the internet and are unable to obtain this information through the State Department's web site, please send a letter of request addressed to your child's school principal, giving the name of the teacher and the grade or subject that the person teaches, as well as the specific information you are requesting. The information will be provided to you within a reasonable period of time, normally within two weeks of receiving your request.

Read to Succeed legislation -FAQ

What parents need to know

What is Read to Succeed (R2S)?

The South Carolina Read to Succeed Act is a state law that aims to improve literacy and reading proficiency for all children in our state.

How does this law affect my K-3rd grade student?

- R2S law requires all K-3 students to receive a minimum of 90 minutes of ELA instruction daily by their classroom teacher.
 - R2S law requires students who are identified as “moderately” or “severely” struggling with reading to receive 30 additional minutes of daily, small group instruction/intervention with the classroom teacher or a reading interventionist.
- R2S Legislation: Section 59 155 150 (B) - “These interventions must be at

least thirty minutes in duration and be in addition to ninety minutes of daily reading and writing instruction provided to all students in kindergarten through grade three.”

How does this law affect my 4th-12th grade student?

- R2S law requires 4th-8th grade students to receive 45-60 minute blocks of ELA instruction.
 - R2S law requires 9th-12th grade students to receive 90 minute blocks of ELA instruction.
 - R2S law requires students who are identified as “moderately” or “severely” struggling with reading to receive small group instruction/interventions by all content area teachers (not just the ELA teacher) and supplemental support if determined necessary before school, after school, or during school.
- R2S Legislation: Section 59 155

170 (A) - “Teachers of content areas (English/language arts, mathematics, science, social studies, the arts, career and technology education, and physical and health education) at all grade levels must focus on helping students comprehend print and nonprint texts authentic to the content area.”

How will I know if my child is “moderately” or “severely” struggling with reading?

- Federal and state laws require schools to form teams to discuss the progress of students who are struggling with grade-level academics and to develop multi-tiered plans of instruction for these students.
- State law requires schools to notify parents, in writing, of their student’s inability to read grade-level texts, the interventions to be provided, and the student’s reading abilities at the end of the planned interventions.

Beginning in 2017-18, any student in Grade 3 who is “reading substantially below grade level” can be retained, per state law.

R2S Legislation: Section 59 155 160. (A) – “Beginning with the 2017-18 School Year, a student must be retained in the third grade if the student fails to demonstrate reading proficiency at the end of the third grade as indicated by scoring at the lowest achievement level on the state summative reading assessment.”

- Third-grade students scoring at the lowest achievement level on the new SC Ready Assessment will be retained – unless they qualify for an exemption.
- Schools will notify parents of students who qualify for an exemption.
- Students exempted from retention will continue to receive instructional support and services as well as reading intervention appropriate for their age and reading level in grade four and beyond as needed.

Food Services payment procedures

Why we encourage advance payment

The MealsPlus Computer System allows the School Food Service Program to keep up with student payments and meals eaten on a daily basis throughout the school year.

Because we post grade-level menus monthly to our website, we encourage students to pay in advance for their breakfast and lunch meals.

How to pay for meals

- We accept personal in-state checks. Checks must have current address and telephone numbers imprinted on them.
- The check should not include other school fees, because we cannot cash checks or split checks with other funds.

To apply, simply go to
www.LunchApplication.com and
click **Apply Now**.

- Send checks made out to the cafeteria of the school your child attends.
- Please note the child’s name on the check - if the check is written for more than one child’s money, each child’s name & the amount to credit to each child should be noted on the check.
- Meal Payments can also be made through <https://www.k12payment-center.com/> where payments are made electronically to the student’s account. You will need the student’s PowerSchool number to complete this process. There is a convenience fee per transaction of \$1.95 per student.

What happens if a parent can’t pay

- Federal law requires that payment must be made for all meals received.
- Provisions are made for households that are unable to pay for their child’s meals through Free and Reduced Price Meal Applications. You may complete a paper meal application at your child’s school or go to <https://www.lunchapplication.com/> to apply electronically. You will need the student’s PowerSchool number to complete this process.
- Middle and high school students are not allowed to charge meals.
- Elementary school students may charge Breakfast and Lunch Meals up to five days. After five days, a balance-owed letter will be sent home to communicate

a negative balance in the student’s account.

How we handle non-sufficient fund checks

- All NSF checks will be recovered by the electronic system CheckTrac via our banking system.
- A second NSF check by the same person will result in all meals being paid by cash or money order for the rest of the school year.
- NSF checks that cannot be collected by the Check Trac system will be notified by certified mail. Please have the check amount plus a \$30 NSF fee in cash or money order. Failure to recover the NSF check will result in NSF checks being turned over to the Magistrate Court.

Chromebook protection plan

Protection plan is recommended

- A prepaid device protection plan of \$30 is recommended for all students for the current school year.
- The plan is recommended, and if not paid, the student is assessed the full cost of repair or replacement for all incidents.

reports of theft or accidental damage are charged to the student at the full cost of repair or replacement, as defined in the cost schedule below.

Loss, gross neglect and abuse

- Incidents of loss, gross neglect and intentional abuse are not covered, and will be charged to the student at the full cost of repair or replacement, as defined in the cost schedule below.
- Chromebooks that are stolen must be reported immediately to the School Resource Officer and the Lancaster City or County Police Department.
- In cases of theft, vandalism and other criminal acts, a police or sheriff’s report,

or a fire report in the case of fire, **MUST** be provided by the student or parent to the principal’s office.

- Without a valid police or sheriff’s report detailing the theft, students may be held liable for the full replacement value of the device and accessories.

Replaceable items

- Students may opt to simply pay for the replacement of certain items that are not repairable when damaged, and which can be easily swapped.
- For example, if a power adapter is damaged, we do not repair it - we replace it.
- Replacement items must be purchased through the district’s authorized vendors. Third-party replacement items will not be accepted.

Repair and replacement cost schedule

- To reduce the potential burden to students and parents, and to simplify the assessment of costs for schools, the cost schedule is generalized into estimated costs for full replacement cost, damages, replacement of swappable items and cosmetic damages. Estimate costs are based on our current model.

Costs are typical and only estimates. At times, items like a touchpad, keyboard or a screen replacement could require more extensive repairs than just the replacement part.

The Chromebook replacement parts list can be found on <http://bit.ly/2GTZpfo>

District-Wide Title I parent engagement activities

The *ESEA Waiver* legislation requires school districts to use a portion of their Title I funds to support parent engagement.

The parent involvement activities listed below are included in the district’s Title I Plan. This plan was jointly developed by members of the district’s Title I Planning Team.

- Disseminate school report card information to parents in an understandable format.
- Provide parent resource information to schools to improve academic achievement and school performance.

Elementary parent involvement policy

Policy involvement

Parent Involvement Policy is jointly developed with, agreed upon with and distributed to all of the parents of participating children.

- Schools will to the extent possible, provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities and parents of migratory children, including providing information and school reports in language that the parent can understand.
- Schools will coordinate and integrate parental involvement programs and activities at the school level with other federal, state and district programs.
- The parent policy will be presented for discussion and approval with parents and the community during fall parent meetings at schools.
- The policy will be updated as needed and reviewed annually by a team of people – including parents, community members, school and district administrators, and school faculty and staff members – to continuously meet the changing needs of our parents, students and school.

Shared responsibility – School-Parent Compact

The School-Parent Compact, jointly developed with, agreed upon with and distributed to all parents, will describe how parents, students and the entire school staff will share in the responsibility for high student achievement.

A team of people – including parents, community members, school and district administrators and school faculty/staff – will annually review the School-Parent Compact.

Building capacity for involvement

To ensure effective involvement of parents and to support a partnership among the parents, community and school to improve student achievement, we will:

- Assist parents in understanding S.C.’s academic and achievement standards by disseminating pamphlets and hand-outs and holding parent-teacher conferences, parent workshops and Open Houses.
- Communicate and monitor child’s progress by using weekly folders, nine-week report cards, IEP meetings, parent-teacher conferences, academic plans and dissemination of state standard info with a letter giving explanation.

- Help parents improve achievement of their children through Google webpages and students’ weekly folders.
- Educate teachers and other staff, with parents’ help, to reach out to, communicate with and work with parents through PTA/SIC conferences, workshops and staff development.
- Send information related to school and parent programs, meetings and other activities to the parents in a format and language they can understand through newsletters, PTA meetings, school improvement council, school calendar, parent/student handbook and student planner.
- Provide opportunities for parents to communicate with school through open door policy, suggestion box, designated time to meet with the principal and/or teachers and parenting workshops.
- Provide other activities to promote parental involvement through Celebrate Great Teaching, National Education Week, Celebration of Excellence, Field Day, Teacher Appreciation Week, parenting workshops and volunteer and mentoring programs.

Parents’ full participation

Convening an annual meeting at a convenient time to inform parents of the school’s participation in the Title I program, the requirements of Title I law and their right to be involved –

- Schools may use their Open House, Meet and Greet or other beginning-of-the-year gatherings as opportunities to provide information to parents.
- Offering a flexible number of meetings and parent trainings at convenient times for parents to participate, give suggestions and take part in decisions regarding the instructional program of the school – School Improvement Council, PTA, and other school-sponsored groups give schools the flexibility needed to offer meetings at convenient times for parents to give their input on Title I programs.
- Parents are involved in an “organized, ongoing and timely way” in planning, reviewing and improving Parent Involvement Policy and Title I programs.
 - Parents will receive timely information about Title I programs.
 - The Parent Involvement Policy will be reviewed throughout the year as PTA, SIC, Title I and other parent groups meet.

Visitors to schools

Parents and other citizens of the district are encouraged to visit classrooms to observe the work of the school.

- The board requires all visitors to report to the school office and receive the principal’s authorization before visiting elsewhere in the building.
- Students may not bring sisters, brothers,

cousins or other relatives to school with them, without approval of principal.

- Principals will not permit unauthorized persons in school buildings or on school grounds.
- Both state law and the board authorize principals to take appropriate action to prevent unauthorized persons from entering buildings and from loitering on grounds.
