

Homebound instruction

Students who can't attend school because of illness, accident or pregnancy, even with transportation, are eligible for homebound or hospitalized instruction.

- ✓ The district will provide at least the minimum number of instruction hours as provided in current State Board of Education rules and regulations.
- ✓ All teachers providing homebound instruction to students residing in the district must hold a valid S.C. teacher's certificate.

Conditions that must exist

For a student to receive homebound instruction, the following conditions must exist.

- ✓ The student must be of legal school age.
- ✓ A licensed physician must certify that the student is unable to attend school, even with transportation, because of a medical condition.
- ✓ Appropriate school staff must determine that homebound instruction is appropriate for the student.
- ✓ The student must successfully complete the materials assigned and receive a passing grade from the student's classroom teacher. This requirement is necessary for the student to advance to the next grade or to satisfy the state requirements for a state high school diploma.
